

K400-33-550C

DIGITAL THERMOSTAT FOR HIGH TEMPERATURES

TECHNICAL DETAILS

Dimensions(mm)	77 (length) x 35 (width) x 70 (depth)
Fixing hole dimensions(mm)	71 (length) x 29 (width)
Power supply	230VAC
Temperature sensor	PT100, 2mt
Range of temperature display	-199~550°C
Accuracy	±1°C
Range of set temperature	-150~550°C
Factory default	100°C
Temperature of the operating environment	-10~60°C
Relative humidity	20%~90% (Non-condensing)
Relay output contact capacity compressor	N.O. 30A/250VAC
